Dear Hiring Manager,

I am writing to express my interest in the Full Stack Python Developer position at [Company Name], as advertised on [Job Board].

During my time at ABC Tech, I developed RESTful APIs in Flask and deployed them on AWS, while also collaborating with the design team to create intuitive user interfaces.

I hold a B.Sc. in Computer Science from the University of Manchester, further solidifying my technical knowledge and problem-solving skills.

I am excited about the opportunity to bring my expertise to [Company Name] and contribute to your projects and team.

Warm regards,

John Doe
